Gres porcellanato smaltato / Glazed porcelain tiles

[ EN ] — The 6x24 brick can be installed on walls in various patterns, even on curved surfaces. Its repetition multiplies the visual effects of the surfaces, characterized by lines that arise from the contrast between the gloss of the glassy body and the matte of the raised material.

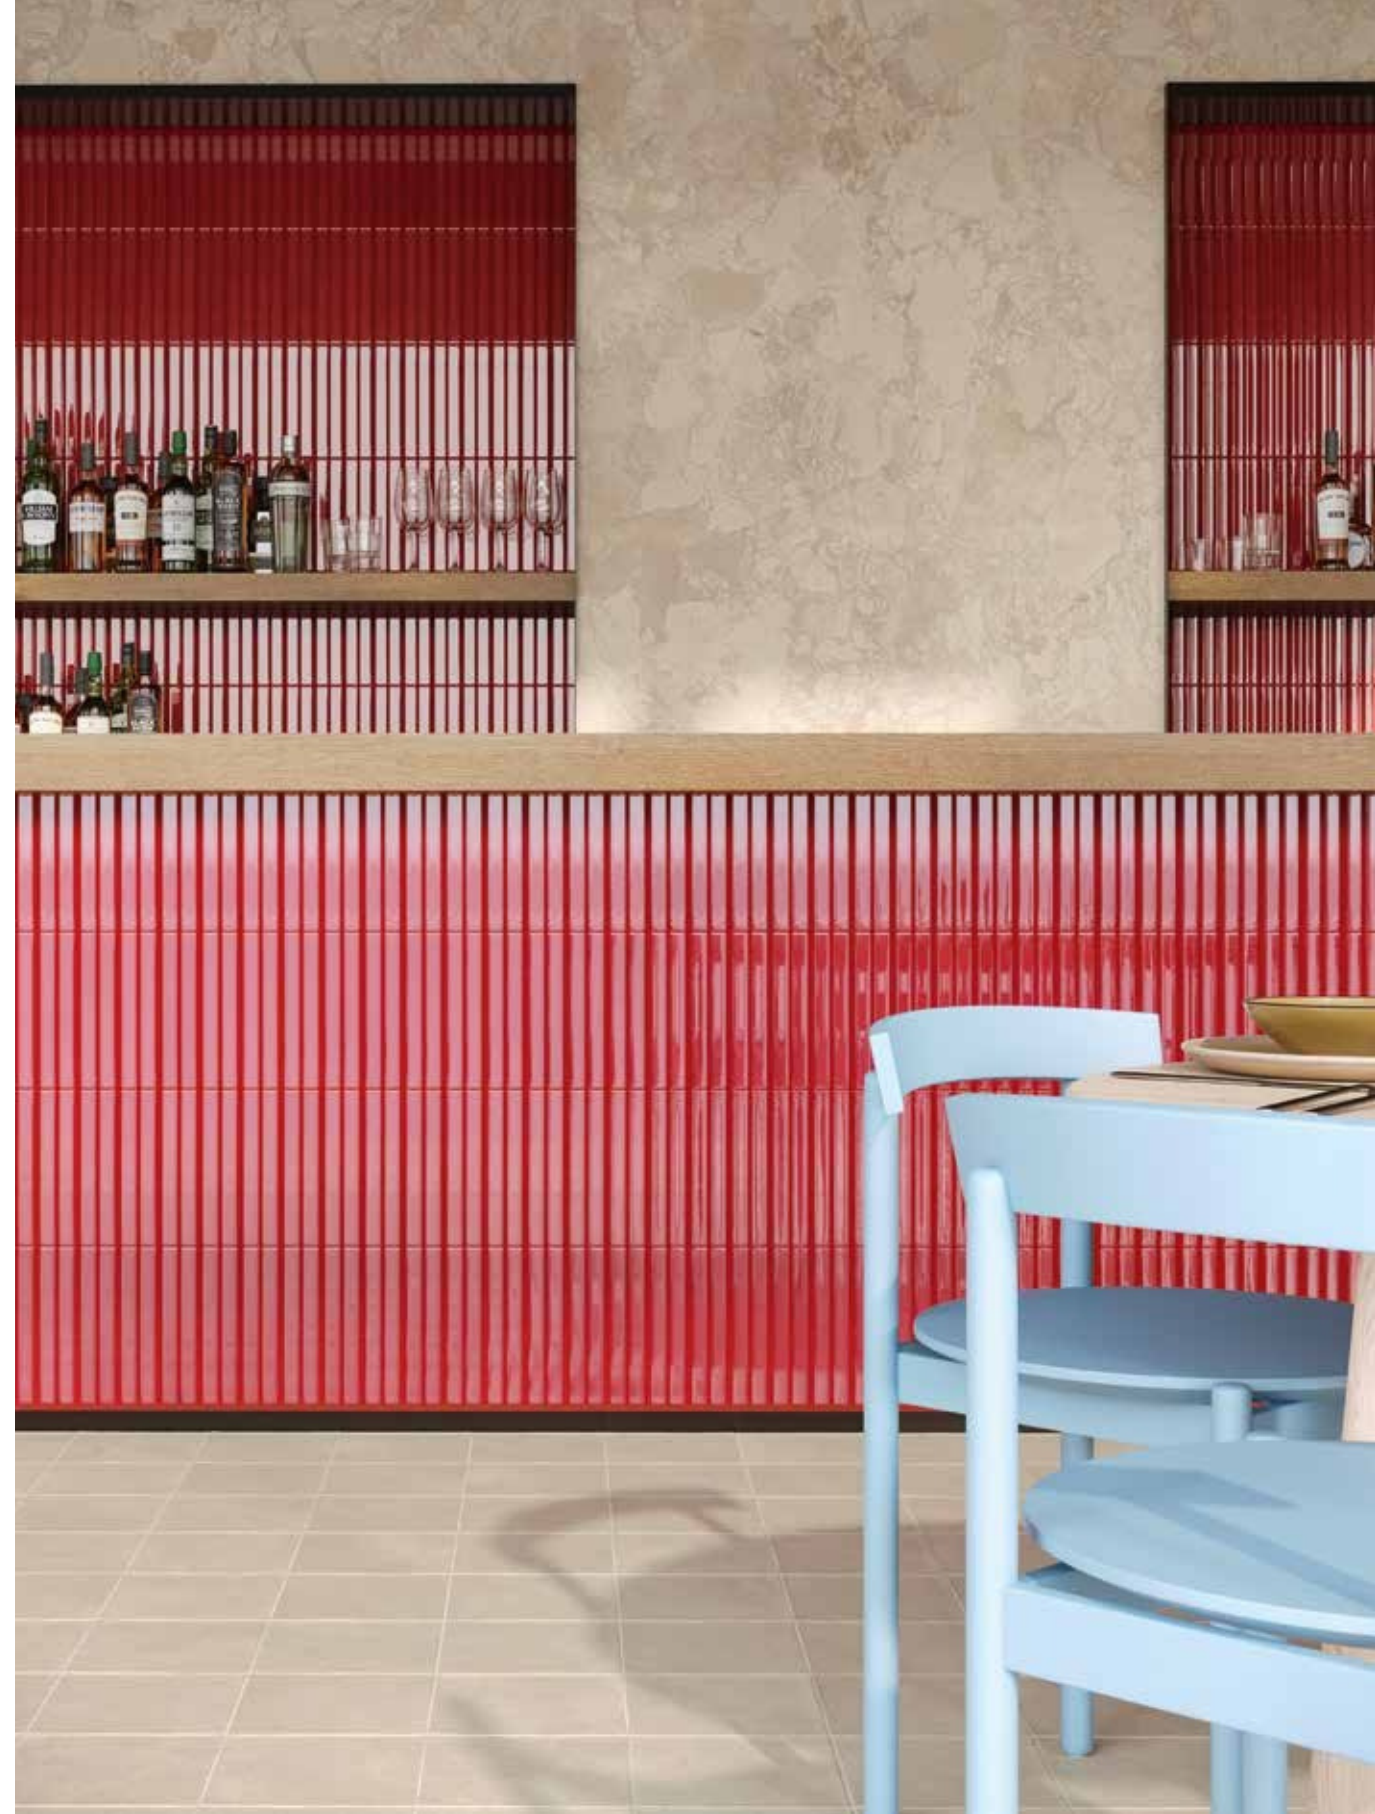

[ EN ] — The palette is delicately balanced between classic and exotic tones, and across the range, a studied saturation effect enhances the color rendering. This wide and well-calibrated palette always provides new ideas for customizing spaces, even by combining multiple colors.

[ EN ] — The versatility, vibrancy, and richness of detail make Lustra Mini a perfect material for realizing design visions inspired by the most diverse styles, in a wide variety of contemporary residential and commercial spaces.
